PRESIDENT'S COLUMN

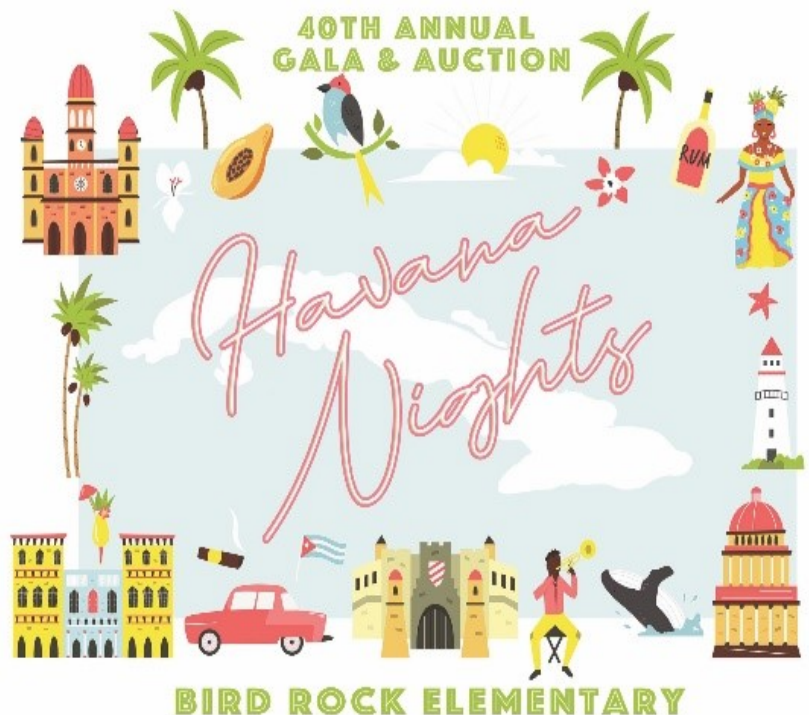

I sometimes wonder who was the marketing guru that proposed use of the term “disposable” for certain plastic objects. It is a gross misnomer. We, or at least our bodies, are more “disposable” than plastic, in the sense that, if not preserved, we will return most of the borrowed molecules that constitute us for reuse soon after we pass.

Don't get me wrong. Plastics are amazing materials. Since the first report of a man-made plastic in 1862 and of man-made polymers in 1920, scientific research has yielded a remarkable range of polymeric materials. Given the many beneficial properties of, for example, polyethylene, polypropylene and polystyrene, it is hard to consider how such materials might be replaced in many of their applications, even though they are relatively recent inventions. And natural polymers, albeit biodegradable, namely proteins (polypeptides), polysaccharides and polynucleic acids (such as DNA and RNA), constitute much of the fabric of our own bodies.

Plastic objects are labelled “disposable” because they are cheap. But does the price I pay now for a single-use plastic item properly reflect the cost to the rest of our neighbors globally, to say nothing of the cost to future generations or to the other beings with which we share the planet?

Bird Rock Foundation 40th Annual "Havana Nights" Gala & Auction March 19, 2022, for the Benefit of Bird Rock Elementary School

IN THIS ISSUE

- 2 Bird Rock Foundation Gala & Auction
March 19, 2022, to Benefit BRE
- 12 Waverly Gate Wall Tiles Project
- 14 Nic Bureau Mosaic Memorial Bench
- 18 Forward St. Overlook Bench Replacement
- 19 BRCC 2022 Membership Form

40th Annual Bird Rock Elementary Gala & Auction “Havana Nights”

Dear Bird Rock Elementary Supporter,

On behalf of the Bird Rock Foundation, we would like to invite you to participate in the 40th Annual Bird Rock Elementary Gala and Auction “Havana Nights.” This event will be held on Saturday March 19, 2022.

The Bird Rock Elementary Gala raises crucial funds to provide financial support for education enrichment and to fill budgetary gaps due to district budget cuts. In past years, your donation dollars have funded additional classroom teachers for smaller class sizes, art, technology, playground support, music, and science enrichment.

Our fundraising efforts could not exist without donations like yours. By working together as a community there is no limit to what we can accomplish for our children.

HOW YOU CAN HELP

Help us reach our fundraising goals by generously donating one or more tax-deductible item(s) for the silent and/or live auctions for the gala. Items that generate excitement and high bids are gift certificates for products or professional services, travel/hotel certificates, restaurant certificates, gift baskets, wine, tickets to sporting events or parties, entertainment tickets, sports memorabilia items, and electronic equipment. Our online auction is open to the general public, allowing a broader audience to enjoy your business or service.

To ensure our ability to thank you in our printed program, and our monthly emails to the community, please confirm your donation ASAP.

Thank you in advance for your consideration. Committee members are available to answer any questions and will be happy to pick-up your donated item(s).

With appreciation,
VP of Fundraising Chair, Kelsey Martin and 2022 Gala Auction Team
fundraising@birdrockfoundation.org

*The Bird Rock Foundation, Inc. is a 501(c) (3) non-profit organization.
All contributions are tax deductible to the full extent of the law and will be
acknowledged promptly for tax purposes. Tax ID 33-0103180.*

News From Bird Rock Elementary (BRE) School

"70 Years of Excellence In Education and Community Building"

by Lorene LaCava, neighbor and retired BRE K Teacher

February marks the half-way point during the school year and so far, so great! Fall and the Holidays provided our BRE students lots of opportunities to celebrate being together and being in school.

After all of the "Trick or Treating" fun, our B1 First Graders put their motto, "Be Part of the World, Not Just In It," in action by spearheading a school-wide collection of Halloween candies and then creating festive Birthday Boxes for Military and First Responders. In recognition and appreciation, Torrey Pines Rotary Club awarded Room B1 a \$500 Community World Outreach grant to fund future projects. Way to go!

Community Service, B1 First Grade Style

November started with the annual 5th Grade Bonfire - a blazing success! All gathered at the Shores to roast and toast and continue their celebration of their final year at BRE. Classes took up a 21st Century Challenge: the "Hour of Code," learning how to program computers. As part of SEEDS, 1st Graders' garden tub tomatoes were ready for Harvest Time and it was delicious!

5th Grade fun!

Tomato Harvest

Worm Wranglers

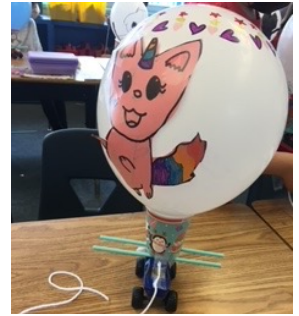

With the State of California beginning to implement new laws targeting a reduction of what goes into our Landfills, BRE is off to a good start. Beginning in late November with a talk to 1st, 2nd, and 3rd Graders by Solana Center about composting and vermicomposting, a dedicated group of 3rd Grade Worm Wranglers are intent on creating "Wiggle Worm" Farms that recycle BRE's scrap paper and decompose organic material, aka "lunch." January 2022 rolled in saluting the start-up of two palatial multi-storied bins, home to thousands of red wigglers. We are all excited to calculate the impact we have on our environment. We will keep you posted!

In honor of Turkey Day, TK/K teachers trotted from room to room leading festive activities, ably assisted by 4 retired teachers: Mrs. Van Orden, Mrs. McDonald, Mrs. Sibley, and Mrs. LaCava. Fourth Graders created a turkey-inspired version of Scattergories to play as part of their nonfood fun.

News From Bird Rock Elementary (BRE) School continued

Mrs. Darris' 2nd Graders, in the spirit of the Macy's Thanksgiving Day Parade, created their own Balloon Floats and paraded. Adorable!

The spirit of Community Service continued as 1st Graders adopted a family for the holidays, created care packages for the unsheltered, and collected socks benefiting the San Diego Rescue Mission. This school-wide effort also provided the foundation of some great math lessons in categorizing and interpreting data.

December brought the BMX Freestyle Team to the school blacktop, thanks to the Bird Rock Foundation (BRF). "Healthy Living and Perseverance" were the messages of the day as the tricks and stunts were enthusiastically enjoyed by all.

BRE Flips

It's ornamental, Rudolf!

The TK/K kids celebrated "Reindeer Rotations" with teachers rotating, helping students create snow people gift bags, ornaments, and more.

First Graders in Mrs. Turner's Class celebrated the holidays with a Ukulele and Bongo Drums Sing- A-Long. [As part of the "Ukuleles in the Classroom" city-wide project, Mrs. Turner is an official Ukulele Teacher of both students and fellow area public school teachers.]

Fourth Graders had fun donning festive attire for photo gifts and enjoying their final Afro-Cuban dancing and drumming class from Center for World Music, a BRF-funded arts program that "fosters and celebrates intercultural awareness, respect, communication, and healing through ethical, sensitive, in-depth encounters with the world's performing arts traditions."

Fifth Graders gave an engineering vibe to their holiday celebration which included wired-up marshmallow snow people - tasty and educational!

Marshmallow Science

Looking ahead - "Registration for the 2022-2023 School Year for New Families" is just around the corner. Please let our new neighbors know to call the School Office during business hours for details regarding School Tours, Registration Packets, required documents, etc. Ms. Meg Fegan and Ms. Marie Hyner can be reached at 1-619-605-3500. Since opening in Fall 1951, Bird Rock Elementary School Staff and Families are grateful to our Bird Rock residents and merchants for continued support of this treasured neighborhood public school.

Miramar Recycling Center

The following information is from the Miramar Recycling Center website,
<https://www.sandiego.gov/environmental-services/recycling/centers/miramarrecycle>:

The Miramar Recycling Center is located north of state Route 52 at 5165 Convoy St. in San Diego. Business hours are Monday through Saturday from 7 a.m. to 4:30 p.m.

The Recycling Center is CLOSED on the following holidays: New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day.

IMPORTANT INFORMATION: In response to COVID-19 directives, the City is limiting the number of customers allowed into the recycling center to accommodate social distancing. As a result, delays may occur.

The Miramar Recycling Center serves as a drop-off center for many recyclable materials. This includes large or bulky items that can be recycled but cannot go in either the black trash bin or the blue recycling bin. Operated by Allan Co. Recycling, the center accepts four classes of recyclables:

1. refunds for recycling: materials with refund and scrap value;
2. "donation only" items;
3. recycling fees for items banned from disposal in your trash or in the landfill (handling fee charged); and
4. recycling fees for miscellaneous recyclables not accepted in the City's curbside recycling program (handling fees charged).

Refunds for Recycling

The Miramar Recycling Center pays a California Redemption Value (CRV) refund for all aluminum, plastic, glass and steel beverage containers for which a CRV deposit was charged. Scrap value is paid for some types of metals, newspaper and cardboard (call for pricing).

"Donation Only" Items

Some recyclables that do not have refund or scrap value are accepted for donation (no payment or fee charged to the customer). "Donation only" items include:

- TVs, computer monitors and computer processing units (CPUs);
- non-CRV glass bottles and jars (clear, blue, brown and green);
- non CRV and narrow neck plastic containers;
- non-CRV steel cans;
- metals - ferrous (iron) metals like barbecues, wrought iron, etc.;
- mixed paper; and
- used residential cooking oil - maximum 30 quarts.

Recycling Fees

1. The Miramar Recycling Center accepts (for a fee) the following items which are prohibited by local and California State law from trash disposal:
 - refrigerators, freezers, air conditioners and other appliances that contain chlorofluorocarbons (CFCs); Fees (all customers) \$25.00 each
 - large household appliances (stoves, washers and dryers, hot water heaters, etc.); Fees (all customers) \$12.00 each
2. The following miscellaneous recyclable materials can be recycled for a fee:
 - tires (18" and under-no rims) Fees (all customers) \$7.00 each;
 - toilets Fees (all customers) \$6.00 each; and
 - small computer and household electronics (1 to 49 pounds, including printers, keyboards and mice) Fees (all customers) \$0.25 per pound

For additional information on recycling other scrap metal such as brass, copper and aluminum, or to verify pricing and accepted items, call the Miramar Recycling Center at 858-268-8971.

REAL ESTATE EXPERT & BIRD ROCK MOM

SHAWN RODGER

Combining a history of selling exceptional homes and raising a family beside you in our Bird Rock community.

858.876.4569 | www.shawnrodger.com | DRE# 01276557

President's Column *(continued from page 1)*

We each contribute to the problems of plastics in the environment, and we can each contribute to solutions. If, in addition to our own individual actions, we were able to collaborate as a community, a still-greater impact would be realizable. If you might have ideas or be interested to contribute to a collaborative effort, I would welcome your thoughts.

The Bird Rock community meeting is held regularly on the first Tuesday of each month from 6 pm. For at least the next few months, we plan to continue meeting on Zoom. If you have any issue you would like to put on the agenda, a community topic you would like to discuss, or a guest that you would like us to invite (such as a representative of local and state government, or of a city department), please let us know by email to info@birdrockcc.org. I hope to see you at our next community meeting on Tuesday February 1, 2022.

CITY OF SAN DIEGO | ABANDONED VEHICLE ABATEMENT

<https://www.sandiego.gov/police/services/units/traffic/abandonedvehicle>

The City reported that it will be increasing efforts to deal with reported abandoned vehicles in a timely manner (6 days) instead of the current 45-60 day time period. The goal is to respond within 3 days, cite the car, and then tow the car 3 days later if it has not been moved or removed. Abandoned vehicle complaints, estimated at 4,500 per month, represent the highest number of complaints received by the City via the Get-It-Done app and telephone calls.

The City Abandoned Vehicle Abatement Unit is responsible for the removal of wrecked, dismantled and inoperative vehicles on both public and private property.

In the City of San Diego, it is illegal to leave an operable or inoperable vehicle parked for more than 72 consecutive hours without being driven at least 1/10th of a mile on a public street. It is also illegal to park any abandoned, wrecked, dismantled or inoperable vehicle on private property in public view. Report parking problems via the Get-It-Done app, <https://getitdone.force.com/PDNewReport>.

**Colima St. stop sign discussion at
La Jolla Traffic & Transportation
Meeting 1/19/22**

Installation of two stop signs on Colima St. at the intersection with Waverly St. was discussed at the January 19 meeting of the La Jolla Traffic and Transportation Board.

The intersection is near the pedestrian entrance for Bird Rock Elementary School and the Waverly gate entrance to the Bird Rock Joint Use Park. A four-way stop was suggested as a way to enhance safety for students and park visitors. There will be further outreach and discussion.

San Diego City New Food & Yard Waste Rules

resulting from California Senate Bill 1383

<https://www.sandiego.gov/environmental-services/recycling/sb1383>

California Senate Bill 1383 (SB 1383) requires the reduction of organic waste disposed of in landfills. Almost six years after the passage of SB 1383 in 2016, implementation of the law became effective on January 1, 2022. Jurisdictions (i.e. cities, counties, etc.) are required to provide organic waste collection services to all residences and businesses. California residents and businesses are required to sort organic, compostable waste and dispose of the organic waste separately from recycled and other trash.

Organic waste is defined as food, food scraps and food-soiled paper from kitchens and food operations; yard, gardening, landscape, and pruning waste; organic textiles and carpets; non-hazardous wood waste including lumber and wood; paper products, printing, and writing paper; and manure, biosolids, digestate, and sludges.

The program will take effect in phases determined by residential and business location and local implementation time lines. Fines for non-compliance are scheduled to begin being issued in 2024. See the CalRecycle website at <https://www.calrecycle.ca.gov/organics/slcp/collection>.

The City's website states that "Senate Bill 1383 will require extensive procedural changes and significant coordination amongst different stakeholders. The City of San Diego is in the process of developing collection operations, adopting purchasing policies, amending the City's Municipal Recycling Code, enacting building requirements, preparing enforcement responsibilities and strategizing public education and outreach efforts.

As a result of this enormous planning effort, changes to yard waste collection for City of San Diego serviced residences will not begin until the summer of 2022."

The City plans to increase collection of green/organic waste to a weekly schedule in the future.

AB 1276, Single-use Foodware Accessories and Standard Condiments

Assembly Bill 1276, signed into law on 10/5/2021, amends the law to prohibit food facilities from providing any single-use foodware accessory (such as a plastic fork) or standard condiment (such as a ketchup packet) unless requested by the customer.

The measure applies to packages for condiments like ketchup and mustard, as well as utensils like chopsticks, knives, forks and spoons. It expands on an existing state law that allows restaurants to distribute single-use plastic straws only upon request.

Businesses must be in compliance by June 1, 2022. The goal is to reduce unwanted waste and reduce business costs.

Prevent Mosquito Breeding by Dumping Standing Water!

Mosquitoes need standing water in order to complete their lifecycle. They lay their eggs in still water and can go from egg to biting adult in as little as 5 days! This is why it is important to check regularly for standing water in and around our homes and to dump out or treat any water we find.

Mosquitoes lay their eggs in standing water. Some mosquitoes can lay their eggs in as little as 1/4" of water and can lay hundreds of eggs at a time—so even very small sources can become a big problem.

The eggs then hatch into larvae and which live in the water. These larvae look like small worms. Dump water immediately if you see larvae.

Adult mosquitoes emerge from the water and start biting. Mosquito bites can leave painful welts and some mosquitoes can spread diseases caused by the West Nile, Zika, dengue, and yellow fever viruses.

Dumping out standing water and keeping containers dry is the most effective way to control mosquitoes around your home.

BIRD ROCK COMMUNITY WALL at the WAVERLY GATE ENTRANCE to Bird Rock Joint Use Park

Reconnecting with Neighbors and Friends

The tile donation deadline is May 31, 2022.

The Bird Rock Community Wall at the Waverly Gate Entrance to the Bird Rock Joint Use Park (adjacent to Bird Rock Elementary School) is a continuing, unique project highlighting the Bird Rock neighborhood.

The Bird Rock Community Wall was created with a 3-fold purpose: To honor all members of the fantastic Bird Rock neighborhood, to raise funds for Bird Rock Elementary School (BRE) and the

Bird Rock Community Council (BRCC), and to support beautification projects in the Bird Rock community and at the Bird Rock Park Waverly Gate entrance. Each tile is hand stamped. Proceeds benefit Bird Rock Elementary School, Bird Rock neighborhood beautification projects, and the BRCC.

Dedicate and order a tile in honor of or in memory of a family, relative, merchant, friend, pet, teacher, neighbor, special person, merchant, business, event, or organization. Mark a special occasion. Reconnect with or Honor a member of this unique Bird Rock neighborhood.

To order a tile for the Bird Rock Community Wall at the Waverly Gate Entrance project, please clearly print information, number ordered, and total payment.

Heart Centered Community

New Community Bench Added
to the BRCC Mosaic Bench
Beautification Series

by Jane Wheeler

On December 20, 2021, the Bird Rock Community Council added a new community bench to the Mosaic Benches of Bird Rock beautification series located along La Jolla Boulevard in the heart of Bird Rock. This beautiful red, white, and blue, Heart-themed mosaic bench is titled "Heart Centered Community" and located adjacent to 5661 La Jolla Blvd.

Former Bird Rock resident Erica Bureau and her family members and friends gathered to honor their much loved husband, dad, son, and friend Nic Bureau. This lovingly powerful bench radiates the spirit of Nic, anchoring and grounding the wisdom of the Heart. As a loving father, husband, son, and friend, Nic embodied the many qualities of an open heart. His heart essence, which is embedded in the bench, can help us connect to our own inner heart wisdom. These qualities emanate from the words stamped into the clay heart flowers and floating hearts throughout the bench. He was thoughtful and cared for others. He was sensitive, strong, and loved to laugh. He was a devoted son, loving husband, adoring father, and loyal friend. Nic's family members lovingly created the fused glass flower stems, flowers, and fused glass throughout the bench. His lovely young daughter Sloane helped stamp the clay hearts.

It was important for the family to communicate the message "check in with your heart," reminding us all to be aware of early cardiovascular heart health and screening.

The bench also reminds us to check in with our heart to ground ourselves and connect to our inner wisdom. In today's fast paced information age, we spend a lot of time in our heads and overloading our brains with information. Nic's bench reminds us to reconnect to that inner compass, that inner feeling of love, compassion, kindness, that can help us move through the complexities of life.

Sit on the bench when you need to ground yourself and connect to that inner wisdom and stillness ... or whenever you just need a hug! Tune into the vibration of LOVE emanating from the bench ... calming, soothing, balancing, harmonizing, creating a field of beauty/harmony/balance within, and send it out into the world.

If you are interested in sponsoring a bench or beautification project in Bird Rock, please contact Jane Wheeler at dwheeler@san.rr.com, 619-822-1120 or info@birdrockcc.org.

Public Utilities

customer@san-diego.gov

Reminder: Water Utility Rate Changes Effective Jan. 1, 2022

Dear Customer,

For the first time in 10 years, wastewater rates will increase in January 2022. In addition, a pass-through charge from the San Diego County Water Authority of 3% to pay for increases in the cost of imported water supplies goes into effect in January 2022.

The rate adjustment will increase revenue 5% for wastewater services and will help the City continue to upgrade core infrastructure by replacing aging pipes and wastewater mains. It also will fund investments like Pure Water, a landmark water recycling project that will increase the supply of local drinking water, avoid wastewater treatment cost increases and reduce discharges to the ocean.

The change to your bill will vary based on your type of account (commercial, residential, etc.) and your use of the wastewater system. For more information, please visit www.sandiego.gov/rate-increases.

Thank you,

JUST SOLD | COMPASS

955 Agate Street, San Diego, 92109 - \$1,900,000 2,186 sq ft | 4 beds, 2.5 baths

"I represented my buyer on the purchase of this exceptional home with beautiful views, walkability to beach, shops, restaurants and the added bonus of going to La Jolla Schools." - Vidi

WHAT CLIENTS ARE SAYING

"Vidi came in and helped us prepare my Mothers home for market. From flooring choices to kitchen cabinet hardware, appliances and staging she went above and beyond to make sure it was perfect before hitting the market. We sold it in 2 weeks at full asking because the buyer fell in love with it and didn't want to risk losing it. Our buyer was from Seattle and we are convinced that the video Vidi did sold it before they ever saw it. We highly recommend her to all our friends and family and look forward to working with her in the future." Michael H.

ABOUT VIDI

Vidi is a San Diego native and resides in Bird Rock with her husband and two son's. She's been selling real estate for over 15 years and says helping people find their place in the world is her passion.

Follow her on Instagram @Vidiljrealestate to follow along with her journey.

WITH VIDI REVELLI

Direct 619-990-7703
www.thisislajolla.com

HOW DID YOU FIND YOUR WAY INTO REAL ESTATE?

Real estate found me. I grew up in a Real Estate family and am a third generation realtor. My grandmother Joann owned her own Red Carpet Realty Brokerages in Northern California where my father grew up around the business. He eventually started in sales and moved his way to becoming a full time investor. I am proud to continue the family business tradition in real estate that was founded by my grandmother, an inspiring and successful businesswoman ahead of her time.

WHAT ARE YOU MOST PASSIONATE ABOUT IN REAL ESTATE?

I am passionate about client experience and the relationships I get to build with the client through the homebuying or selling process. While a smooth, successful outcome is my top priority, we also have a great time working together. I provide every

client with my personal attention and work with them from start to finish, covering each and every detail. I bring excellent negotiating skills, strong communication, and the ability to think ten steps ahead of the competition so they know they have the best representation. Simply said, I put their needs above all else.

DO YOU PREFER BEING A LISTING AGENT OR HELPING SOMEONE FIND THEIR DREAM HOME?

I love them both. On the listing side I love showcasing the homes best features through my eye for design, photography, videography and marketing. With my buyers I love taking them into a space and helping them see the possibilities of what that space could become for their family.

WHAT IS YOUR DESIGN PROCESS WHEN YOU'RE GETTING A HOME READY TO SELL?

When I see a home that a client is preparing to sell I am looking to get them the highest return on investment by advising them on remodeling or design changes before bringing their home to market. We want to create a neutral palette that will draw in potential buyers then use staging and an eye for design to create an emotion that connects them to the property. Once we have created the look its having that translated through photography and video to give that perfect first impression when the home first hits the market.

WHAT'S THE BEST WAY TO SCHEDULE A MEETING OR FIND OUT MORE?

Call me direct for a no obligation consultation. I am here to provide 5 star luxury service to my clients and a part of that is having direct access to me.
